2020 NMFS-Sea Grant Fellowship Opportunities Now Open

The NMFS-Sea Grant Joint Fellowship Program in Population and Ecosystem Dynamics and Marine Resource Economics places PhD students studying in one of two priority areas in three year research-based fellowships. The program is designed to fulfill workforce development needs identified by the NOAA National Marine Fisheries Service (NMFS) and since 1990 has provided opportunities for 126 PhD students.

Announcements for the 2020 fellowship classes are now open. Applications are due to Sea Grant programs on January 30, 2020. See links below for additional information on applying
